## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Prior arts of record do not disclose a system for fault determination and location by time domain reflectometry in a network having a plurality of optical fiber lines to be tested. The system comprises: a means for separating each of said lines to be tested into two channels; a first channel to receive a first test impulse corresponds to a first test; and a second channel to receive a second test impulse corresponding to a second test, the length of said second channel being greater than the length of said first channel by a predetermined overlength, each of said overlengths being different for each of said lines which structurally arranged and functionally operated as claimed in claims 1,9,13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tu T. Nguyen whose telephone number is (571) 272-2424. The examiner can normally be reached on T-F 7:30-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gregory Toatley Jr. can be reached on (571) 272-2800 Ext. 77. The fax
